4. Pilih izinkan

5. Ketik kode toko di kolom Kode Toko dan unceklis/hilangkan ceklis sesi 03.00 jika toko bukan toko 24jam

6. Masukan password perubahan sesi Dengan password : **ITSAT2130**
*Note Jika password salah silahkan konfirmasi ke IT

7. Klik SYNC DATA

Restore

Process Restore Data

INVENTORY	No Sync
LORONG RACK	No Sync
REPORT	No Sync

SYNC DATA

8. Klik SYNC DONE

Restore

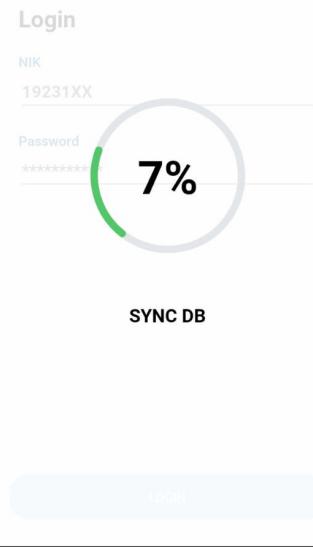

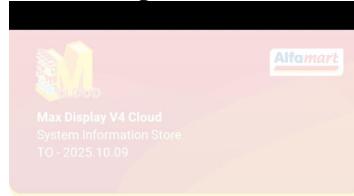

Process Restore Data

INVENTORY	Done
LORONG RACK	Done
REPORT	Done

SYNC DONE

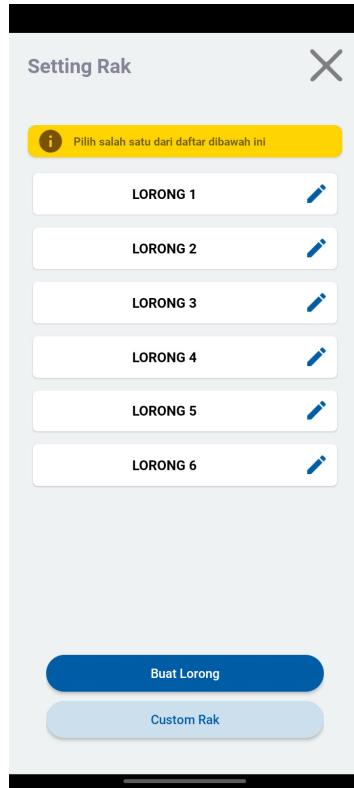

9. Tunggu proses selesai sampai 100% dan coba login maxdis nya

10. Jika full display ke block silahkan buat terlebih dahulu lorong di menu **SETTING RAK**

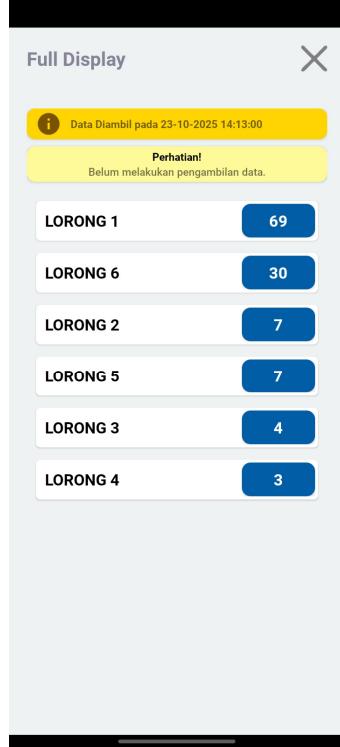

11. Buat lorong harus dan wajib berjumlah 6 lorong contoh seperti berikut

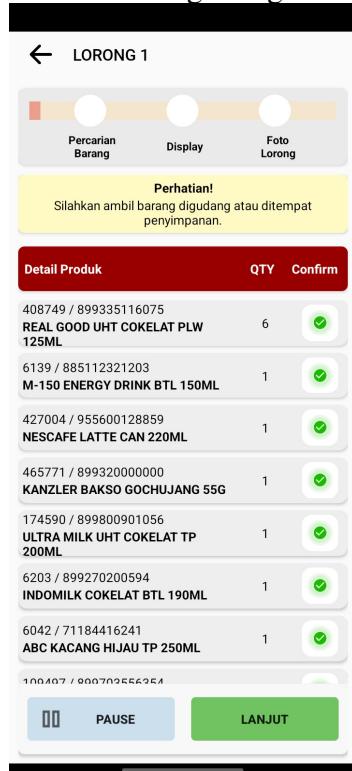

12 jika sudah maka full display sudah bisa di klik seperti gambar berikut, kita coba maxdis di sesi 14.00

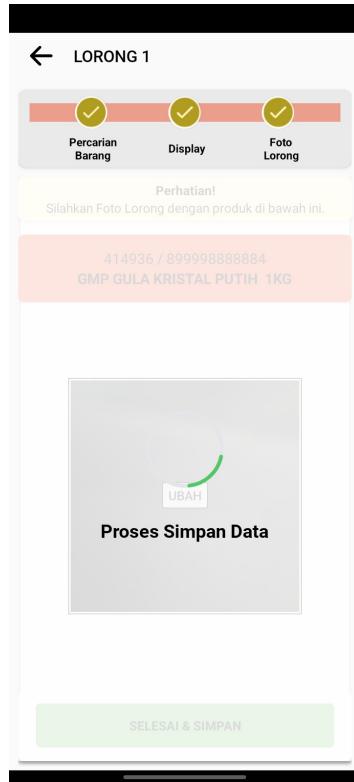

14. Jika sudah kerjakan satu per satu lorong

15. Contoh lorong sebagai berikut

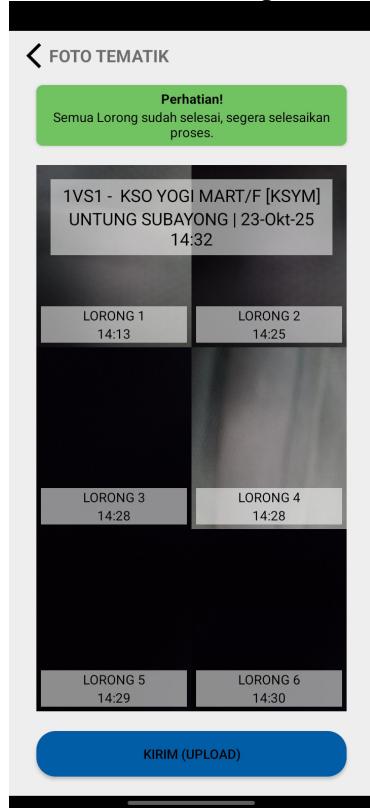

16 ambil foto sesuai item tematik lalu simpan & selesai

17. Kerjakan hingga semua hijau dan klik tombol simpan dan lanjut

18. Klik kirim upload

19. Maka maxdis jam 2 sudah selesai
